

Should I change super funds?

Now may not be the time to make any changes to your super. If you are thinking of changing funds some of the things you should think about include:

- What are the fees? Some funds charge commissions and pay bonuses. You need to check the fees carefully to make sure you aren't paying for things you don't need.
- What investment options does the fund offer?
- Are there any additional benefits?
- Does the fund offer online services?
- How much insurance you have and whether you will lose it if you change funds.

Vision Super is an industry fund run only to profit members, which means we don't charge excessive fees for our products. Vision Super enables you to obtain ongoing financial advice in relation to your superannuation from our Retirement Planning Services team at no additional charge.

Vision Super also has strong investment performance, helping members maximise their retirement savings. See question on how we performed this year for more information.

We can help!

If you have any questions about market volatility, your super or want to make an appointment to see a financial planner phone our Member Services team on 9911 3222 (regional callers 1300 300 820).
